

Granite State Clean Cities Coalition

Update

March 1, 2012

Upcoming Events

GSCCC Quarterly Stakeholder Meeting, March 2, 2012 (Tomorrow!), Portsmouth, NH, 1:00-3:30 p.m. Join us tomorrow at DES Offices at Pease Tradeport, 222 International Drive, Suite 175, Portsmouth, NH (refreshments provided).

Presenters are: Dr. Ihab H. Farag, University of New Hampshire on ***Biodiesel Produced from Microalgae***; and Joel Bobbett, Simply Green Biofuels on ***Winter Storage, Use, and Care of Biodiesel***. [Directions](#)

2012 Green Your Fleet! Fleet Manager Workshop, June 1, 2012, Nashua Community College, 505 Amherst Street, Nashua, NH. Don't miss this all day *free* workshop for information and updates on the latest in alternative fuels, advanced vehicle technology, and petroleum reduction strategies. Heavy duty trucks, buses and alternative fuel vehicles will be on display.

Contact Dolores Rebolledo (dolores.rebolledo@des.nh.gov or 603.271.6751) if interested in becoming a sponsor or displaying a vehicle. More information to follow.

Massachusetts Clean Cities Stakeholder meeting Thursday, March 8, 2012, Worcester, MA, 9:30-12:00 p.m. This meeting will be held at the Worcester Polytechnic Gateway Center, 60 Prescott Street, Worcester, MA. For more information, contact Stephen Russell, Coalition Coordinator: stephen.russell@state.ma.us.

2012 Local Energy Solutions Conference, Penacook, NH, March 31, 2012. The New Hampshire Local Energy Working Group presents the 4th Annual Local Energy Solutions Conference, to be held at Merrimack Valley High School in Penacook, NH (just north of Concord off I-93). For more information, visit: www.cleanair-coolplanet.org/les2012/.

News of Interest

GSCCC welcomes *Granite State Biofuels, LLC* and *Grand Prix Development Group, LLC* as its newest stakeholders. Visit www.granitestatebiofuels.com and www.gpdg.biz to find out more about these companies. (See the entire list of GSCCC stakeholders on our website ["About Us"](#) page!)

Did you know? Biodiesel production hit a record breaking high in 2011, surpassing Renewal Fuel Standard requirements. Domesticfuel.com reports that according to the EPA, 1.1 million gallons were produced during the calendar year, exceeding the 800 million gallon RFS target. To read the entire article, visit <http://domesticfuel.com/2012/01/27/2011-biodiesel-production-officially-tops-1-billion-gallons/>.

EV of the future? The GM En-V drives itself (location: NREL Headquarters, Denver, CO).
